

**CASIO.**

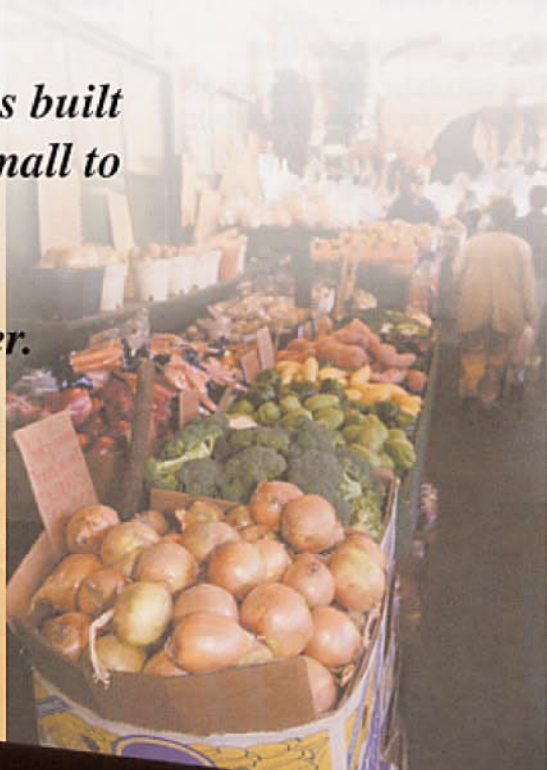

## *Designed and built to satisfy store owners*

*The CASIO 120CR electronic cash register is built specifically to meet the requirements from small to medium sized retail stores.*

*With the advanced features and the control and security system, store owners will prosper.*

**120CR**

## Highlighted Features

### Instant switchover to daylight-saving time

By pushing a few keys, your standard time can be switched over to the daylight-saving time, and vice versa.

### Calculator function

The calculator mode allows the 120CR to become a calculator.

Simply turn the mode key to "CAL" and you can use it as calculator.

Calculation results will not affect any totalizers.

### Three ways to tender payment

Cash, charge and check payment media can be used, providing shoppers with the flexibility to meet their individual life styles.

### Simple TAX calculation

Add-in and Add-on tax system makes the whole tax operation simple and fast. Taxable status can be easily assigned to each department.

### EURO

The EURO function can automatically convert amount in local currency to amount in EURO currency with the symbol printed, and vice versa.

### Neatly arranged keyboard

Ergonomically designed keyboard can optimize efficiency of keyboard operation.

Removable key caps can make possible to have customized description of keys.

### Powerful department functions with large key tops

The 120CR features four departments. Each department has a large key top - double sized key top - and powerful presettable functions such as "unit prices up to 6 digits", "single item sales status", "high amount limit", and "negative department".

### Selection of Model

- Model with small sized drawer (DL-1838, 5 coins/3 notes)
- Model with medium sized drawer (DL-2768, 8 coins/4 notes)

\* not available in UK

## Report
